Duplicate rows (%)	0.0%
Total size in memory	6.4 KiB
Average record size in memory	310.1 B

Variable types

Categorical	34
Boolean	4

Alerts

Gender has constant value "Male"	Constant
Is there any luminare is OFF at this moment? has constant value "False"	Constant
How would you describe the summer indoor air temperature "most time feeling"? is highly correlated with How would you describe the ventilation and air quality of building "most time feeling"?	High correlation
How would you describe the ventilation and air quality of building "most time feeling"? is highly correlated with How would you describe the summer indoor air temperature "most time feeling"?	High correlation
How would you describe the summer indoor air temperature "most time feeling"? is highly correlated with How would you describe the ventilation and air quality of building "most time feeling"?	High correlation
How would you describe the noise in building generally "most time feeling"? is highly correlated with How would describe noise at this moment?	High correlation
How would describe noise at this moment? is highly correlated with How would you describe the noise in building generally "most time feeling"?	High correlation
How would you describe the ventilation and air quality of building "most time feeling"? is highly correlated with How would you describe the summer indoor air temperature "most time feeling"?	High correlation
In average day how much time do you spend in the [Office] is highly correlated with Occupation and 3 other fields (Occupation, Age, Is there any luminare is OFF at this moment?, Gender)	High correlation
Does the quality of air in this part of building have a negative effect on your work performance "most time feeling"? is highly correlated with Is there any luminare is OFF at this moment? and 2 other fields (Is there any luminare is OFF at this moment?, Gender, Do you feel sleepy or headache when you get to your work-space)	High correlation
In average day how much time do you spend in the [laboratory] is highly correlated with Is there any luminare is OFF at this moment? and 1 other fields (Is there any luminare is OFF at this moment?, Gender)	High correlation
Occupation is highly correlated with In average day how much time do you spend in the [Office] and 5 other fields (In average day how much time do you spend in the [Office], Room name and code, Age, In average day how much time do you spend in the [Studio Design], Is there any luminare is OFF at this moment?, Gender)	High correlation
How would you describe the summer indoor air temperature "most time feeling"? is highly correlated with In average day how much time do you spend in the [Cafeteria] and 2 other fields (In average day how much time do you spend in the [Cafeteria], Is there any luminare is OFF at this moment?, Gender)	High correlation
Do you have control over artificial lightning? is highly correlated with How long have you (worked-studied) in this building and 6 other fields (How long have you (worked-studied) in this building, In average day how much time do you spend working at computer)	High correlation
How long have you (worked-studied) in this building is highly correlated with Do you have control over artificial lightning? and 3 other fields (Do you have control over artificial lightning?, Do you have control over air condition system ?, Is there any luminare is OFF at this moment?, Gender)	High correlation
How would you describe the noise in building generally "most time feeling"? is highly correlated with How would describe noise at this moment? and 2 other fields (How would describe noise at this moment?, Is there any luminare is OFF at this moment?, Gender)	High correlation
Height is highly correlated with Is there any luminare is OFF at this moment? and 1 other fields (Is there any luminare is OFF at this moment?, Gender)	High correlation
Do you smell odor or unusual smell in your work-space "most time feeling"? is highly correlated with Is there any luminare is OFF at this moment? and 1 other fields (Is there any luminare is OFF at this moment?, Gender)	High correlation
Room name and code is highly correlated with Occupation and 3 other fields (Occupation, Timestamp, Is there any luminare is OFF at this moment?, Gender)	High correlation
Does the temperature in this part of the building have a negative effect on your work performance? is highly correlated with Is there any luminare is OFF at this moment? and 1 other fields (Is there any luminare is OFF at this moment?, Gender)	High correlation
Do you feel comfortable under the current temperature? is highly correlated with Is there any luminare is OFF at this moment? and 1 other fields (Is there any luminare is OFF at this moment?, Gender)	High correlation
Is there significant distraction from noise outside (in this moment)? is highly correlated with Does the quality of light (color and light level) in this part of building have a negative effect on your work performance? and 5 other fields (Does the quality of light (color and light level) in this part of building have a negative effect on your work performance ?, In average day how much time do you spend working at computer)	High correlation
Does the quality of light (color and light level) in this part of building have a negative effect on your work performance? is highly correlated with Is there significant distraction from noise outside (in this moment)? and 3 other fields (Is there significant distraction from noise outside (in this moment)?, In average day how much time do you spend in the [Studio Design], Is there any luminare is OFF at this moment?, Gender)	High correlation
Age is highly correlated with In average day how much time do you spend in the [Office] and 7 other fields (In average day how much time do you spend in the [Office], Occupation, Is there availability of natural light?, Clothing, Does the distraction from noise in this part of building have a negative effect on your work performance)	High correlation
How would describe noise at this moment? is highly correlated with How would you describe the noise in building generally "most time feeling"? and 2 other fields (How would you describe the noise in building generally)	High correlation
How would you describe the ventilation and air quality of building "most time feeling"? is highly correlated with Do you have control over air condition system? and 2 other fields (Do you have control over air condition system ?, Is there any luminare is OFF at this moment?, Gender)	High correlation
In average day how much time do you spend working at computer "average hours per day" is highly correlated with Do you have control over artificial lightning? and 3 other fields (Do you have control over artificial lightning ?, Is there significant distraction from noise outside (in this moment)?, Is there any luminare is OFF at this moment?, Gender)	High correlation
How you describe the current temperature in this room? is highly correlated with Is there any luminare is OFF at this moment? and 1 other fields (Is there any luminare is OFF at this moment?, Gender)	High correlation
Is there availability of natural light? is highly correlated with Age and 5 other fields (Age, Does the distraction from noise in this part of building have a negative effect on your work performance)	High correlation
Timestamp is highly correlated with Room name and code and 2 other fields (Room name and code, Is there any luminare is OFF at this moment?, Gender)	High correlation
Clothing is highly correlated with Do you have control over artificial lightning? and 6 other fields (Do you have control over artificial lightning ?, Age, Does the distraction from noise in this part of building have a negative effect on your work performance)	High correlation
Do you have control over air condition system? is highly correlated with How long have you (worked-studied) in this building and 5 other fields (How long have you (worked-studied) in this building, How would you describe the ventilation and air quality of building)	High correlation
In average day how much time do you spend in the [Studio Design] is highly correlated with Occupation and 5 other fields (Occupation, Is there significant distraction from noise outside (in this moment)?, Does the quality of light (color and light level) in this part of building have a negative effect on your work performance ?, In average day how much time do you spend in the [Lecture room], Is there any luminare is OFF at this moment?, Gender)	High correlation
Does the distraction from noise in this part of building have a negative effect on your work performance "most time feeling"? is highly correlated with Age and 5 other fields (Age, Is there availability of natural light?, Clothing, Is there any luminare is OFF at this moment?, Gender, Weight)	High correlation
In average day how much time do you spend in the [Cafeteria] is highly correlated with How would you describe the summer indoor air temperature "most time feeling"? and 3 other fields (How would you describe the summer indoor air temperature)	High correlation
In average day how much time do you spend in the [Lecture room] is highly correlated with Is there significant distraction from noise outside (in this moment)? and 3 other fields (Is there significant distraction from noise outside (in this moment)?, In average day how much time do you spend in the [Studio Design], Is there any luminare is OFF at this moment?, Gender)	High correlation
Are there blinds or shutters blocking the natural light? is highly correlated with Is there availability of natural light? and 3 other fields (Is there availability of natural light?, Clothing, Is there any luminare is OFF at this moment?, Gender)	High correlation
Is there any luminare is OFF at this moment? is highly correlated with In average day how much time do you spend in the [Office] and 36 other fields (In average day how much time do you spend in the [Office], Does the quality of air in this part of building have a negative effect on your work performance)	High correlation
Gender is highly correlated with In average day how much time do you spend in the [Office] and 36 other fields (In average day how much time do you spend in the [Office], Does the quality of air in this part of building have a negative effect on your work performance)	High correlation
How would you describe the winter indoor air temperature "most time feeling"? is highly correlated with Is there any luminare is OFF at this moment? and 1 other fields (Is there any luminare is OFF at this moment?, Gender)	High correlation
Your Activity is highly correlated with Do you have control over artificial lightning? and 4 other fields (Do you have control over artificial lightning ?, Clothing, In average day how much time do you spend in the [Cafeteria], Is there any luminare is OFF at this moment?, Gender)	High correlation
Do you feel sleepy or headache when you get to your work-space "most time feeling"? is highly correlated with Does the quality of air in this part of building have a negative effect on your work performance "most time feeling"? and 3 other fields (Does the quality of air in this part of building have a negative effect on your work performance)	High correlation
Right now, do you smell unusual smell? is highly correlated with Do you have control over artificial lightning? and 3 other fields (Do you have control over artificial lightning ?, Do you have control over air condition system ?, Is there any luminare is OFF at this moment?, Gender)	High correlation

Weight is highly correlated with Age and 5 other fields (Age, Is there availability of natural light?, Do you have control over air condition system ?, Does the distraction from noise in this part of building have a negative effect on your work performance)

High correlation

How long do you spend in the building during the day is highly correlated with Is there any luminaire is OFF at this moment? and 2 other fields (Is there any luminaire is OFF at this moment?, Gender, Do you feel sleepy or headache when you get to your work-space)

High correlation

Is there significant distraction from background noise (machine and undefined noise sources)? is highly correlated with Is there any luminaire is OFF at this moment? and 1 other fields (Is there any luminaire is OFF at this moment?, Gender)

High correlation

Timestamp is highly correlated with Room name and code and 18 other fields (Room name and code, Your Activity , Clothing , How long do you spend in the building during the day , In average day how much time do you spend in the [Office], In average day how much time do you spend in the [Lecture room], In average day how much time do you spend in the [laboratory], In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

Room name and code is highly correlated with Timestamp and 20 other fields (Timestamp, Occupation , Age, Your Activity , In average day how much time do you spend in the [Office], In average day how much time do you spend in the [Lecture room], In average day how much time do you spend in the [laboratory], In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

Occupation is highly correlated with Room name and code and 10 other fields (Room name and code, Age, In average day how much time do you spend in the [Office], In average day how much time do you spend in the [Lecture room], In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

Age is highly correlated with Room name and code and 13 other fields (Room name and code, Occupation , Height, Weight , Clothing , In average day how much time do you spend in the [Office], In average day how much time do you spend in the [laboratory], In average day how much time do you spend in the [Studio Design], Do you feel comfortable under the current temperature ? , Does the distraction from noise in this part of building have a negative effect on your work performance)

High correlation

Height is highly correlated with Age and 7 other fields (Age, Clothing , In average day how much time do you spend working at computer)

High correlation

Weight is highly correlated with Age and 4 other fields (Age, In average day how much time do you spend in the [laboratory], Does the distraction from noise in this part of building have a negative effect on your work performance)

High correlation

Your Activity is highly correlated with Timestamp and 6 other fields (Timestamp, Room name and code, Clothing , How long do you spend in the building during the day , In average day how much time do you spend in the [Cafeteria], In average day how much time do you spend working at computer)

High correlation

Clothing is highly correlated with Timestamp and 11 other fields (Timestamp, Age, Height, Your Activity , In average day how much time do you spend working at computer)

High correlation

How long do you spend in the building during the day is highly correlated with Timestamp and 7 other fields (Timestamp, Your Activity , In average day how much time do you spend in the [Cafeteria], In average day how much time do you spend working at computer)

High correlation

How long have you (worked-studied) in this building is highly correlated with How would you describe the ventilation and air quality of building "most time feeling"? and 3 other fields (How would you describe the ventilation and air quality of building)

High correlation

In average day how much time do you spend in the [Office] is highly correlated with Timestamp and 6 other fields (Timestamp, Room name and code, Occupation , Age, In average day how much time do you spend in the [Cafeteria], In average day how much time do you spend working at computer)

High correlation

In average day how much time do you spend in the [Lecture room] is highly correlated with Timestamp and 6 other fields (Timestamp, Room name and code, Occupation , In average day how much time do you spend in the [Studio Design], Is there significant distraction from noise outside (in this moment) ? , Is there significant distraction from background noise (machine and undefined noise sources)? , Is there availability of natural light?)

High correlation

In average day how much time do you spend in the [laboratory] is highly correlated with Timestamp and 7 other fields (Timestamp, Room name and code, Age, Weight , Does the temperature in this part of the building have a negative effect on your work performance? , Does the distraction from noise in this part of building have a negative effect on your work performance)

High correlation

In average day how much time do you spend in the [Studio Design] is highly correlated with Timestamp and 13 other fields (Timestamp, Room name and code, Occupation , Age, In average day how much time do you spend in the [Lecture room], Does the temperature in this part of the building have a negative effect on your work performance? , Do you feel comfortable under the current temperature ? , Does the distraction from noise in this part of building have a negative effect on your work performance)

High correlation

In average day how much time do you spend in the [Cafeteria] is highly correlated with Room name and code and 4 other fields (Room name and code, Your Activity , How long do you spend in the building during the day , In average day how much time do you spend in the [Office], How you describe the current temperature in this room?)

High correlation

In average day how much time do you spend working at computer "average hours per day" is highly correlated with Timestamp and 15 other fields (Timestamp, Room name and code, Occupation , Height, Your Activity , Clothing , How long do you spend in the building during the day , In average day how much time do you spend in the [Office], Does the temperature in this part of the building have a negative effect on your work performance? , Do you feel comfortable under the current temperature ? , Is there significant distraction from noise outside (in this moment) ? , How would you describe the noise in building generally)

High correlation

Does the temperature in this part of the building have a negative effect on your work performance? is highly correlated with Room name and code and 12 other fields (Room name and code, Occupation , Height, Clothing , In average day how much time do you spend in the [laboratory], In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

How would you describe the summer indoor air temperature "most time feeling"? is highly correlated with Timestamp and 3 other fields (Timestamp, Room name and code, Clothing , How long do you spend in the building during the day)

High correlation

How would you describe the winter indoor air temperature "most time feeling" is highly correlated with Timestamp and 3 other fields (Timestamp, Room name and code, How you describe the current temperature in this room? How would describe noise at this moment?)

High correlation

Do you feel comfortable under the current temperature ? is highly correlated with Occupation and 8 other fields (Occupation , Age, Height, In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

How you describe the current temperature in this room? is highly correlated with In average day how much time do you spend in the [Cafeteria] and 1 other fields (In average day how much time do you spend in the [Cafeteria], How would you describe the winter indoor air temperature)

High correlation

Does the distraction from noise in this part of building have a negative effect on your work performance "most time feeling"? is highly correlated with Room name and code and 13 other fields (Room name and code, Occupation , Age, Height, Weight , Clothing , In average day how much time do you spend in the [laboratory], In average day how much time do you spend in the [Studio Design], Does the temperature in this part of the building have a negative effect on your work performance? , Do you feel comfortable under the current temperature ? , Is there significant distraction from background noise (machine and undefined noise sources)? , How would you describe the noise in building generally)

High correlation

Is there significant distraction from noise outside (in this moment) ? is highly correlated with Timestamp and 7 other fields (Timestamp, Room name and code, In average day how much time do you spend in the [Lecture room], In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

Is there significant distraction from background noise (machine and undefined noise sources)? is highly correlated with Height and 6 other fields (Height, In average day how much time do you spend in the [Lecture room], In average day how much time do you spend in the [Studio Design], Does the temperature in this part of the building have a negative effect on your work performance? , Do you feel comfortable under the current temperature ? , Does the distraction from noise in this part of building have a negative effect on your work performance)

High correlation

How would you describe the noise in building generally "most time feeling"? is highly correlated with Timestamp and 7 other fields (Timestamp, Room name and code, Clothing , In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

How would describe noise at this moment? is highly correlated with Timestamp and 5 other fields (Timestamp, Room name and code, How would you describe the winter indoor air temperature)

High correlation

Does the quality of air in this part of building have a negative effect on your work performance "most time feeling"? is highly correlated with Timestamp and 3 other fields (Timestamp, How long do you spend in the building during the day , In average day how much time do you spend in the [Studio Design], In average day how much time do you spend working at computer)

High correlation

Do you have control over air condition system ? is highly correlated with Weight and 3 other fields (Weight , How would describe noise at this moment?, How would you describe the ventilation and air quality of building)

High correlation

How would you describe the ventilation and air quality of building "most time feeling"? is highly correlated with Timestamp and 6 other fields (Timestamp, Room name and code, How long have you (worked-studied) in this building , How would describe noise at this moment?, Do you have control over air condition system ?, Right now, do you smell unusual smell?, Does the quality of light (color and light level) in this part of building have a negative effect on your work performance ?)

High correlation

Do you smell odor or unusual smell in your work-space "most time feeling"? is highly correlated with Does the temperature in this part of the building have a negative effect on your work performance? and 4 other fields (Does the temperature in this part of the building have a negative effect on your work performance? , Do you feel comfortable under the current temperature ? , Do you feel sleepy or headache when you get to your work-space)

High correlation

Do you feel sleepy or headache when you get to your work-space "most time feeling"? is highly correlated with Timestamp and 9 other fields (Timestamp, Room name and code, Occupation , Age, In average day how much time do you spend in the [Studio Design], Is there significant distraction from noise outside (in this moment) ? , How would you describe the ventilation and air quality of building)

High correlation

Right now, do you smell unusual smell? is highly correlated with How long have you (worked-studied) in this building and 6 other fields (How long have you (worked-studied) in this building , In average day how much time do you spend working at computer)

High correlation

Does the quality of light (color and light level) in this part of building have a negative effect on your work performance ? is highly correlated with Timestamp and 9 other fields (Timestamp, Room name and code, Occupation , Age, In average day how much time do you spend in the [Studio Design], Is there significant distraction from noise outside (in this moment) ? , How would you describe the ventilation and air quality of building)

High correlation

Is there availability of natural light? is highly correlated with Age and 11 other fields (Age, Weight , Clothing , How long do you spend in the building during the day , In average day

High correlation

how much time do you spend in the [Lecture room], In average day how much time do you spend in the [laboratory], In average day how much time do you spend in the [Studio Design], Does the distraction from noise in this part of building have a negative effect on your work performance)

Are there blinds or shutters blocking the natural light ? is highly correlated with Timestamp and 10 other fields (Timestamp, Room name and code, Age, Height, Clothing , How long have you (worked-studied) in this building , In average day how much time do you spend in the [laboratory]. Does the temperature in this part of the building have a negative effect on your work performance? , Does the distraction from noise in this part of building have a negative effect on your work performance) High correlation

Do you have control over artificial lightning ? is highly correlated with Your Activity and 4 other fields (Your Activity , Clothing , How long have you (worked-studied) in this building , In average day how much time do you spend in the [Office], In average day how much time do you spend working at computer) High correlation

Does the quality of light (color and light level) in this part of building have a negative effect on your work performance ?

Categorical

HIGH CORRELATION

(This variable has a high correlation with 4 fields: Is there significant distraction from noise outside (in this moment) ?, In average day how much time do you spend in the [Studio Design], Is there any luminaire is OFF at this moment?, Gender)

HIGH CORRELATION (This variable has a high correlation with 10 fields: Timestamp, Room name and code, Occupation , Age, In average day how much time do you spend in the [Studio Design], Is there significant distraction from noise outside (in this moment) ?, How would you describe the ventilation and air quality of building)
